CAREER DEVELOPMENT RESOURCES

Develop and refresh your knowledge with our wide range of national, Branch and online CPD opportunities.

- Aseptic Cytotoxic Preparation Courses
- Technician specific Branch CE events
- Dedicated technician stream at SHPA's annual Medicines Management conference
- Free access to technician webinars, presentation and online courses
- Exclusive access to SHPA's Australian Pharmacy Technician workbook
- 24 Specialty Practice streams as relevant to your practice
- SHPA Standards of Practice for Clinical Pharmacy Services
- Opportunities to publish in SHPA's quarterly publication, *Pharmacy GRIT*

YOUR PROFESSIONAL COMMUNITY

Stay connected and informed and share and pool your knowledge and views amongst a diverse and experienced professional community through a variety of channels.

- Pharmacy technician discussion forum
- SHPA Pharmacy Technician Discussion Group on Facebook
- Networking opportunities - both locally and nationally
- Access to SHPA's Jobs Board
- Regular advocacy, events and news updates via SHPA's eNews, Facebook page and Twitter feed

A STRONGER VOICE FOR YOUR PROFESSION

Join us in advocating for the expansion of technician and pharmacy assistant roles as we provide greater support and recognition for your services.

- The [National Pharmacy Technician Network](#) provides a platform for you to discuss issues and devise solutions for change
- [Tech Role Redesign](#) project is working to entrench and grow technician and assistant roles to enhance patient outcomes and career development opportunities
- Recognition of outstanding technicians and pharmacy assistants through [Medicines Management Awards](#), [Branch Technician Awards](#), and [SHPA Awards](#)

'I'm passionate about the role technicians and assistants play in hospital pharmacy and excited by the opportunity SHPA gives me to transform my career through the Tech Role Redesign project – it's the perfect vehicle to deliver more structured career paths and a consistent professional framework across Australia.'

– Lorah Hickman
Senior Pharmacy Technician
