

Northeast Health Wangaratta and Benalla Health Pharmacy Intern Roster 2023 (Draft)

During your rotations, you will be learning and working with the pharmacist rostered to those areas. You are also responsible for providing pharmacy services to your "ward load" (under supervision). During Medical, Surgical & Critical Care rotations, you will also participate in Antimicrobial Stewardship Rounds with the AMS/Medication Safety Pharmacist.

Working hours for Rotations on Critical Care Unit/Mental Health/Perioperative Care Clinic, Dispensary/HITH and Surgical are 0800-1645 (and S8 delivery with theatre pharmacist on Fridays at 0800).

Working hours for Rotations on Medical, Rehab/Resp/Paed and Emergency Department are 0845-1730.

Interns - find out who your supervising pharmacist is each day during morning scrum (first is usually the pharmacist you're working with on rotation, second is your preceptor, third your assigned mentor).

Pharmacy Team meetings are weekly, usually on Tuesdays, and Clinical Pharmacy Forum is on Fridays

Tutorials are held on Tuesday and Wednesday afternoons at 4pm, and are videoconferenced externally, enabling Benalla Health intern participation (as well as NHW intern when on Beechworth/Yarrowonga/Benalla rotation)

Northern & Northeast Vic Interns & Preceptors Videoconference meetings are also held regularly (includes NHW, Benalla, Albury, Wodonga, Shepparton & Echuca hospitals), for case presentations and exam prep.
